**Subject:** COSMIC - Next conference and Annual Meeting in Mexico - October 29-30  
**Attachments:** IWSM-MENSURA\_CFP\_2020.pdf

Dear colleagues from the COSMIC International Advisory Council,

You will find attached the Call for Participation to the next IWSM-MENSURA conference to be held this year in Mexico City on October 29-30.

There are always a number of good COSMIC-related papers presented at this conference, and it is a great opportunity to meet other COSMIC experts.

If you want to submit a paper to this conference, you are most welcome.

The COSMIC group typically organizes its Annual Meeting, as well as a number of COSMIC committee meetings while a number of COSMIC people are present on site at the IWSM-MENSURA conference. For those of you who could join us this year in Mexico City, what timing would be preferable for you to participate to COSMIC committees meetings and Annual Meeting:

Option A: pre-conference COSMIC meetings (Tuesday and Wednesday Oct. 27 & 28)

Option B: post-conference COSMIC meetings (Saturday & Sunday Oct. 31-Nov. 1)

Please email me your preferred Option.

Best regards,

Alain Abran  
COSMIC Secretary
